

Discharge at Del Rio Springs

(See data in Wirt and Hjalmarson, 2000)

- Mean annual discharge
- 
 Multiple year average of discharge where:
 - a) horizontal error bar indicates timeframe
 - b) vertical error bar indicates standard deviation where there are 3 or more data points
- Mean annual rainfall at Prescott station (1940 to 1998)
- Regression line showing coefficient of determination (cd) for precipitation data
- Linear regression line showing coefficient of determination (cd) for mean annual discharge
- - - Spline fit smoothing for discharge data

Mean annual discharge at Del Rio Springs in acre feet (1939 to present). A straight line and spline-fit curve represent interpolation of averaged data values. Small circles indicate mean annual precipitation at the Prescott municipal airport.
